89

sqm living surface

1

bedroom

1

bathroom

1

cellar

1

indoor parking spot

Renovated luxury apartment located in Luxembourg-Belair, a few steps from the city center.

Located on the 1st floor of a residence close to the Merl park, the property has been entirely renovated with noble materials - wood floor, high quality kitchen, recessed lighting - and offers a surface of 89 sqm.

The hall opens onto a large and luminous living space including the living/dining room and the kitchen with access to the balcony.

Pleasantly arranged, the property has a separation between the day and night spaces. The latter includes a beautiful master suite equipped with a fireplace, a dressing room with integrated laundry room and a bathroom with Italian shower and Jacuzzi.

The apartment is also equipped with a home automation system and a hifi system.

A cellar as well as an interior parking space complete this set.
